SOAP & DISINFECTANT DISPENSER

The Soap & Disinfectant Dispenser consists of a touch free dispenser, additional table and floor dispenser stands and additional drip bowls. By choice the dispenser is either wall mounted or easily fixed to the table and floor dispenser stands.

The refill container holds 500 ml liquid soap or hand disinfection gel, equivalent to approx. 600 doses, and the dosage is released once when your hand is held 5-10 cm below the dosage nozzle.

The design combines hygiene with aesthetics and offers an elegant, minimalistic design solution for the modern interior. Naturally the design compliments all FROST products.

The Soap & Disinfectant Dispenser is part of the NOVA2 series designed by Bønnelycke mdd.
